Description

The Talaria Sting MX5 Pro electric off-road bike is built for thrill-seekers. Experience ultimate performance with the new 72V/40Ah battery, providing more torque and acceleration than ever before. With moto-spec brakes, 3 riding modes, and 4 levels of regenerative braking, conquer any terrain with ease. The IPM motor and intelligent gearbox offer quiet operation and immediate torque. Take on the trail with the MX5 Pro.

MX5 Pro will have the red graphic kit included.

KEY FEATURES

72V 40Ah battery with Samsung 50S cells (2,880 WH)
Improved braking power (220x3mm disc brakes, larger calipers & DOT redesigned master cylinders)
Adjustable air & double spring suspension tuned for optimal off-road performance (improved over MX4)
3 riding modes including hyper performance mode (unique to the MX5)
CNC machined black footpegs
Colour TFT Display
Straight-pull CNC machined wheel hubs with reinforced spokes
Regenerative braking (including regenerative brake lever)
Headlight switch Included
Internal reinforced gearbox for quiet, reliable power (no more worn out or snapped belts)
DC IPM motor
UPDATES

Battery: Upgraded to 72V, it delivers increased torque, speed, and cooler motor operation. Powered by a 2880-watt hour, high-performance battery with Samsung 50s 21700 cells, this bike offers the largest battery capacity in its class for extended ranges. With an advance charger, you'll be able to fully charge under 3 hours.

Braking: Designed with an advanced brake system boasting oversized 220×3.0 MM rotors, gigantic calipers, and an upgraded compound brake pad, this bike offers 20% more stopping power and heat dissipation. With On-Demand Regen Braking, experience smoother operation, increased longevity, and reliable braking.

Suspension: Designed for increased power and weight. The progressive spring and rebound adjustments of the factory rear shock and air-adjustable front fork provide a challenging, customizable ride.

Enhanced Display: Color-coded display for easy reading day or night. Switch between three levels with ease and precision.
